

Name _____

SUNSPOT NUMBERS

Astronomers have found out that the number of sunspots increases and decreases every 11 years. Make a pictograph of the number of sunspots seen for each of the years listed below.

Draw a  for every 10 sunspots.

1991-144 sunspots	1995-10 sunspots	1999-84 sunspots
1992-82 sunspots	1996-13 sunspots	2000-104 sunspots
1993-48 sunspots	1997-41 sunspots	2001-132 sunspots
1994-26 sunspots	1998-81 sunspots
